

Academic Poster Presentation (for 3rd & 4th graders)

Overview	1
Poster Presentation for 3rd & 4th Graders	1
Poster Sample	2

Overview

- Students design a compelling presentation highlighting what they learned in this unit, including:
 - The importance of sustainable transportation
 - The benefits of train travel to kids
 - The benefits of train travel to the environment

Poster Presentation for 3rd & 4th Graders

1. Determine your poster's topic. As an example, the [poster sample](#) below focuses on the benefits of train travel to our environment.
2. Research some evidence that supports your statement.
3. Include at least 3-4 facts about train travel in your poster.
4. Design your poster using classroom materials
5. Share your poster with your class. You will be expected to explain the topic you chose and the evidence you found. Don't forget to include a conclusion you gathered from this activity.

Poster Sample

TRAIN TRAVEL & THE ENVIRONMENT

A train carrying many passengers emits less carbon emissions per person than many cars on the road.
