

How Your Apps are Opening You Up to Cyberattacks

a lunch and learn with Ash Padwal, Chief Risk Officer of Allied Telesis

Download to ride, sign-in to apply, click to learn more, upload your resume – all gateways that can leave your personal information open to an attack. Join the Mineta Transportation Institute for our exclusive Mobility Leader Series where Chief Risk Officer Ash Padwal will discuss cybersecurity, risk management, and privacy. With both a background in law and engineering, Mr. Padwal offers a unique look at the cybersecurity challenge and the fears surrounding “big data.”

Thursday, April 25, 2019
